Whenever Eddie is around, trouble isn't far behind. Eddie isn't really mean, he just gets carried away sometimes. The other day he chatted online with us. Here's what he said about his friends and school.

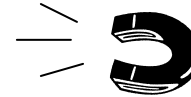

Webmaster: I've noticed you have lots of strange adults in your city and at your school. Why do you think so many weird adults show up in Bailey City?

Eddie: I think there must be a big magnet under the ground that pulls nutty grown-ups. I want to dig it up and throw it away.

Webmaster: Are you a good friend to Liza, Melody, and Howie?

Eddie: I am a good friend. Some people think I'm mean, but I'm not. Can I help it if I act silly sometimes? My teachers don't think I'm one bit funny though. Liza, Howie, and Melody are true friends. We stick together like mud on my tennis shoes.
