

Saving homework from dragons!

In Dragons Do Eat Homework by Marcia Thornton Jones and Debbie Dadey a dragon is stealing Howie's homework. In order to keep **your** homework safe from a dragon, follow these simple dragon rules.

Dragon rule #1: Bring homework home in a special red folder marked **HOMEWORK**.

Dragon rule #2: One side of the folder is marked **TO DO**.

Dragon rule #3: The other side of the folder is marked **DONE**.

Dragon rule #4: Keep the folder in your backpack when you're not using it.

Dragon rule #5: Only use the folder at home in a special place just for homework. If it's the kitchen table, put the folder back in your backpack after you use it.

Dragon rule #6: As soon as you finish your homework, put it back in the folder on the **DONE** side and put it in your backpack.

Dragon rule #7: Keep your backpack close to the door so you won't forget it when you leave for school.
