## ***Great Fairy Chase***

**Directions:** Prior to each reader's arrival, place each of the six fairy pictures around an area. Or you can hide fairy statues of the same color! Make some easier to find than others! Give your young reader a Great Fairy Chase sheet. Remind them to leave the fairies behind for others to find. As they find each color fairy, let them check off the color. After finding all the fairies, be sure to give them the congratulations sheet with a picture of all the fairies they've found. They can also do the other activities on the Great Fairy Chase sheet.
