## UNICORN OF THE SEA POOP RECIPE

This is enough for one person

**½ cup (four ounces) of white glue**

**½ cup water**

**food coloring**

**glitter if desired**

**1 teaspoon borax**

Mix one teaspoon borax (or contact lens solution) and one cup water. Stir well.

In another bowl, mix ½ cup (four ounces) of white glue and ½ cup water, add your favorite color and even glitter!

Add the two mixtures together. Keep stirring until you can pick it up and knead it. Flatten it out. You can put several colors together to make 'pretty' poop!
